Academic Affairs:

Pat Fewell reported that the subcommittee met on March 25, and the following documents were distributed by Dr. Lord:

◆ University Constitutional Plan ◆ Management letter from Provost Lord to President Hencken, March 15.
◆ College of Arts and Humanities Planning Objectives FY06
◆ College of Sciences Planning Objectives FY06 ◆ College of Education and Professional Studies Planning Objectives FY06
◆ Lumpkin College of Business and Applied Sciences Planning Objectives FY06 ◆ College of Sciences Dean's response to NCA questions
◆ College of Education's response to NCA questions
◆ Lumpkin College of Business response to NCA questions

The budget development process was reviewed for the upcoming fiscal year budget. With the potential of a reduction of general revenue side by the Governor, the Provost reviewed the expected expenditures. The increase in expenditures includes salary increases for personnel, additional faculty, overall fixed costs increase, GA and waiver cost increase. Discussion then flowed to the proposed tuition increase and how the increase will address the shortfall.

Business Affairs:

Linda Coffey reported that the subcommittee met on March 23 and began review of FY06 initiatives submitted by each department of Business Affairs. The review process has not been finished and we will be meeting again.

Student Affairs:

Lynette Drake reported that the subcommittee met March 24. At that time FY06 planning initiatives were reviewed. The subcommittee made recommendations to Acting VP Stewart for funding of initiatives, if funding becomes available.

The group also reviewed the FY04 initiatives that have been accomplished without new state dollars. We discussed how funding was re-allocated or collaborative support was found to accomplish some FY04 initiatives since Student Affairs has not received new state dollars for several years.
